

Installation Dinner, 14 Oct 09.

During the afternoon of 14 October the Court will install the Officers of the Company for the year 2009/10, who were elected on 9 September. Later that day the new Master takes the chair at the Installation Dinner, and is greeted as Master for the first time by the Membership.

This is a very important event in the Company's calendar, and we hope to see as many members as possible, with their guests. There is an attached flyer with further details and booking form. Subject to election the new master will be Dr Christine Rigden BSc PhD FGS CGeol, below.

As well as members' private guests, we invite a number of other Livery Company Masters as our official guests. The dress is black tie.

The 2007 Installation Dinner at Salters' Hall.

Please book by not later than 30 September, although places will be allocated on a first come first served basis, and once it is full a waiting list will operate.

PLEASE NOTE THAT THE ANNUAL CHURCH SERVICE HAS BEEN DEFERRED, AND WILL NOT BE HELD PRIOR TO THE INSTALLATION DINNER.

Lord Mayor's Show, 14 Nov 09.

The new Lord Mayor formally takes over from his predecessor at what is known as the Silent Ceremony at Guildhall on the Friday before the second Saturday of the month of November. On the said second Saturday, he shows himself to the citizens of the City of London at a parade through the Square Mile, known as the Lord Mayor's Parade.

His ornate, gold decorated horse drawn carriage, is the last in an enormous line of floats and displays. Fully robed, he spends most of the journey craning out of the window, now on one side, now the other, waving his hat at the half million or so people who come to line the streets and enjoy a splendid day out. More information from www.lordmayorsshow.org.

This year the Company has joined forces with the Chartered Institute of Building to produce a float. Around a central vehicle will march 25 Constructors and 25 members of CIOB (and the many members who are both will therefore have two chances to join the parade).

Constructors in the Modern Companies Float 2007.

Nearer the time I will be asking for volunteer marchers, and offering a chance for those who wish to watch to meet up, and go together for lunch afterwards.
